

March 27, 1974

SENATOR STULL: Mr. President and members of the Legislature we are operating under the suspension of rules, so I would ask for the suspension of the rules.

PRESIDENT: All right, then Senator Stull has asked for the suspension of the rules for the advancement of all the bills at one time. All right, now then, we need further discussion? The question is, do you want to suspend the rules? Excuse me, Speaker Proud? Speaker Proud, did you want to be heard? The motion is to suspend the rules, and move the bills? Senator Cal Carsten.

SENATOR CAL CARSTEN: Mr. President, and members of the Legislature When we go through this procedure now, and if there is more than one amendment to one specific bill, that takes separate action, we may bring it back and move it forward on each..

PRESIDENT: No, these bills are going to Select File, it is the Chair's understanding. There they will be subject to the same amendments and the same procedures as if they were on General File. I think that is the intent of the motion. Is that correct, Senator Stull?

SENATOR STULL: That is correct.

PRESIDENT: All right, the motion is to suspend the rules and advance LB1055,56,57,58 and 59. Wait a minute..wait a minute did I miss something Senator Stull?

SENATOR STULL: 1049 because that's the Claim bill.

PRESIDENT: 1049 also included. O.K. Now, Speaker Proud.

SPEAKER PROUD: I'm not objecting to this, but I have consulted with the Secretary of State and the Attorney General's office on LB I'm not sure of the numbers 923..and the one's the you are interested one way or the other, Senator Chambers. 932 and 933, those are election bills that the Secretary of State and the Attorney General tells me that they absolutely have to be passed or we are going to have nothing but turmoil in this state. That we may not be able to elect a governor or Lt. governor or anything else. These are the bills that provide for the...well I don't know what all they provide but they get into our elections I think running as independents and all that sort of thing. Now I wonder if Senator Stull would include those two bills, because these things are just absolutely essential, and if don't act on those two bills we'll have to have a special session there is no question about it.

PRESIDENT: Senator Stull.

SENATOR STULL: I would be happy to add those two bills.

PRESIDENT: Is that 932 and 933. Is that correct? All right. Now standby just a minute here, we may have a complication. Just a minute. Senator Stull.

SENATOR STULL: Yes, Sir.

PRESIDENT: Now, I would like to have the attention of the body. And if I might have your attention. I think that we're going
